- Comes with 8 tee holes.
- Playing mat size 150 x 150 cm.
- Outer size 170 x 170cm.
- Weight: 55kg

Imax Classic

MX221200

Turf heat bonded to the base.

- MAG STRIKE PRO -

MagStrike; the world's first magnetic golfing mat! Magstrike mats are made using a unique worldwide patent; Magnets are positioned in the rubber frame and in the foam of the inserts; the opposing force of the magnets (north against north) pushes the insert away from the rubber frame and makes the insert float. When hitting the mat it 'bounces' in the magnetic field, completely absorbing the shock of the stroke. Whilst golfers using traditional mats tend to hit 'thin' shots when they go on the course since they hold back their swing; they can now hit a divot on the Magstrike mat using the 15mm of air to go 'into the ground' like a real shot on the course. Training will be less tiring and more enjoyable and therefore more golfers will visit your range facilities and stay for longer.

MAG STRIKE PRO SINGLE SIDED

DUMAG100700

MAG STRIKE PRO DOUBLE SIDED

DUMAG100800

MAG STRIKE PORTABLE PRO

The Magstrike Portable Pro enhances the full Magstrike concept – it is the complete hitting area of a regular Magstrike Pro and can easily be placed next to any other modular or regular mat system.

Also the Magstrike Portable Pro can easily be transported and moved around wherever and whenever needed.

DUMAG100900

- TEE GRASS -

TEE TURF - THE ALL IN ONE SOLUTION

- TARGET GREENS -

TARGET GREENS

Make your range more attractive by adding some nice highly visible targets to it. No problems collecting balls here as the pickers can drive straight over it. Duchell's target greens are sand filled to assure a real turf simulation by having a green that will really stop a ball like real turf would do.

These greens can be supplied as a standard package for self installation or can be installed by a specialised crew. A stable base is required for maximum performance.

- LED LIGHTING -

NOT JUST LED LIGHTING, BUT SPECIALISED LED LIGHTS MADE FOR GOLF

LED lights on the driving range, require specific knowledge of golf.

In the last 10 years, Duchell has built up a lot of experience in driving range lights, resulting in a balance choice of LED lights.

Specific requirements for LED lights on the driving range range:

- The right colour for the best reflection on a golf ball for maximum visibility.
- The right spread of light, being achieved using different lenses, to create extreme visibility of the golf ball.
- Tailored possibilities for any demand, enabling to follow the ball up to an amazing 400 meters!
- Also available for putting/chipping greens.

Advantages of LED lights, compared to conventional lamps:

- Low energy costs (around 4.5 x less energy).
- Low maintenance
- 60,000 hours lifespan.
- On/Off possibilities, without any delays.
- Plug and play installation - no control box needed.

- LED LIGHTING -

Duchell can provide a detailed light plan showing 'visibility' anywhere on the range following the customer demand for short and/ or long distance view.

Solutions depend on the local situation; reflection on trees, available posts, height of building etc. are all taken into account when coming up with the best solution for each customer.

- BALL PICKERS -

THE IMAX BALL PICKER

- The best lightweight picker ever made.
- Fully galvanised
- Polycarbonate discs for the best durability.
- Two galvanised baskets per unit for easy emptying.
- Easily extendable from a 3-gang to a 5-gang picker.

IMAX 3-GANG BALL PICKER

- Ball capacity: 2500 balls.
- Size 2.85 mtr x 1.95 mtr.

MX230003

Large front wheel for extra stability.

IMAX 3-GANG TO 5-GANG EXTENSION

- Increases ball capacity to 4000 balls.
- Increases size to 4.95 mtr x 1.95 mtr.

MX230035

High quality galvanised baskets.

- BALL PICKERS -

THE EPIC BALL PICKER

- Best quality/value rating in the business
- Tough construction and sturdy braces make for a stable picking run.
- Also available in a 5-gang variation (add extension set).

EPIC 3-GANG BALL PICKER

- Ball capacity: 2500 balls.
- Size 2.77 mtr x 2.39 mtr.

P71903N

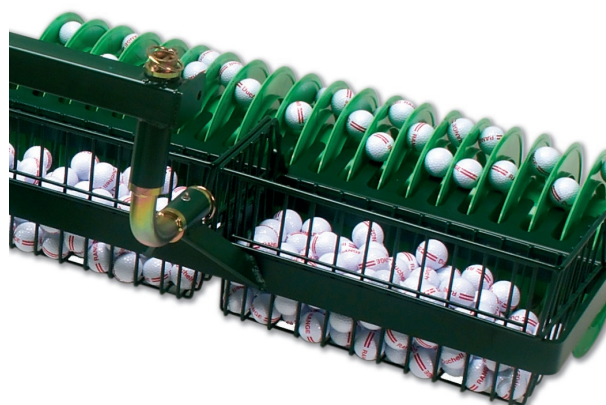

Large front wheel for extra stability.

EPIC 3-GANG TO 5-GANG EXTENSION SET

- Increases ball capacity to 4000 balls.
- Increases size to 4.95 mtr x 1.95 mtr.

P71903N/5

High quality epoxy coated baskets.

- BALL PICKERS -

- BALL WASHERS -

TWISTER BALL WASHER

- Heavy duty nylon brush rotates inside the patented steel spiral.
- Small rocks and ball fragments fall through the spiral, reducing jamming or lock ups.
- Easy access to water tank and open spiral with hinged top.
- Electrical supply disconnects when accessing the turning parts.
- Fast and easy cleaning of the tank by using a large threaded drain.
- Top holds 600 balls.
- Washing capacity of 15000 balls per hour.
- Size: 85 x 49 x 78 cm.

MX55100

Hinged lid for easy access

The rotating brush moves the balls through the spiral.

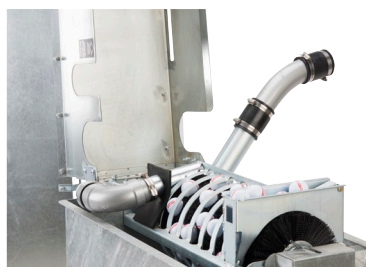

TWISTER BALL WASHER 4

- A washer and elevator in one machine.
- Balls are transported to machine (next to the washer) by a composite loader wheel.
- Extended hinged top holds approximately 1000 balls.
- Built in ball stop (eliminates stack load on loader wheel)
- Enclosed exit tube eliminates jamming.
- View ports on spiral and exit tube for easy checking.
- Washing capacity of 29000 balls per hour.
- Size: 130 x 59 x 97 cm.

MX55400

The rotating brush moves the balls through the spiral.

Hinged lid for easy access

After washing the composite loader wheel pushes the balls into the feeder pipe.

WHATS AN E-KEY?

The E-key is essentially a small computer chip encased in a stainless steel container that resembles a watch battery in size and shape. The E-Key is designed to withstand punishment and abuse that would render any other card system inoperative.

ABOUT THE READER

The e-reader is a weatherproof reader. It uses special e-keys instead of the conventional smart cards. E-reader comes with display for information and instructions.

Every e-range system comes complete with software and key-loading device. Available in 4 versions depending on the level of information and possible reports required.

The basic VSD version offers: 1 selection price/size, revalue customer e-keys and revalue software. The extended versions can offer a data carrier to download events from the reader a "void en replace" lost and stolen accounts option, all sorts of graphics, reports and spreadsheets as well as a PIN code option to replace tokens. This PIN codes uses wireless Pintronics software. Activate your ball dispenser with a single use PIN number, just like the carwash. Simply punch in your PIN number and receive the appropriate bucket of balls.

2 Year warranty on all readers
